

## Perry E. Jones, DDS, FAGD

*Bon Air Green Professional Building*

To whom it may concern:

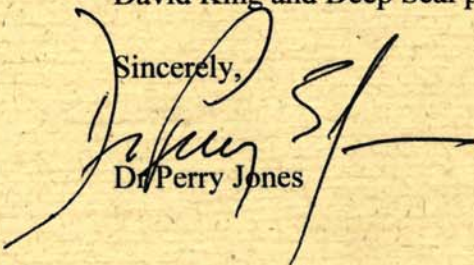

This is a testimonial letter for David King of Deep Seal Plumbing. I have used David for plumbing services ranging from simple emergency service to full house rough-in, fixture and appliance installation. I have found David to be of the very highest caliber of integrity. He is prompt and thorough in his approach to delivery of his services. So often, customer service is forgotten in the service world of today. In contrast, customer service is the number one priority with Deep Seal plumbing. The response to my calls has been prompt and a solution found as soon as possible. Not only has his service been 5-star but the service fees have been very reasonable. I could not ask for more!!

In the world of sub-contractors, more often than not, it is "promises/promises". If Dave King says that he will be there at a certain time you can count on him at that time. This is most appreciated and certainly not the norm in today's world.

I cannot say enough good things about David King and his approach to the plumbing business. He takes pride in the work he produces, and we trust his judgment in the selection and location of fixtures and other plumbing issues. In the plumbing layout for our new house, we depended on David's advice and found him to offer the very best solutions. He worked well with the contractor and other sub-contractors.

Anyone interested in excellent, honest, reasonable plumbing services should consider David King and Deep Seal plumbing.

Sincerely,

Dr. Perry Jones
